PROFILE

Experienced full stack developer with over 5 years of expertise in both frontend and backend development. Proficient in React/Next.js, HTML, CSS, JavaScript, and Node.js/Express. Passionate about building real-world applications and continuously expanding technical knowledge. Driven by curiosity and a genuine love for software development, eager to contribute to a collaborative team and grow further as a developer.

WORK EXPERIENCE

RENTIFY SMC - FULL STACK DEVELOPER

2024, APRIL - PRESENT (PART - TIME)

rentiify.co.ug

- Developed responsive and user-friendly frontend interfaces using React.js and Tailwind CSS for both the website and admin panel.
- Implemented robust backend APIs using Express.js, TypeORM, and PostgreSQL to support dynamic data operations.
- Managed application-wide state using React Redux and @reduxjs/toolkit, ensuring consistent and efficient state handling.
- Collaborated with cross-functional teams to gather requirements, define features, and deliver high-quality, scalable software solutions.

TGN SYSTEMS - IT CONSULTATION

2021, MARCH - PRESENT (PART - TIME)

tgnsystems.org

- Oversaw the entire software development lifecycle, ensuring timely delivery and quality standards.
- Designed and prototyped user interfaces in Figma to enhance user experience and streamline workflows.
- Consulted with clients to assess technical needs and deliver tailored software solutions aligned with business goals.

DH TECHNOLOGIES - SOFTWARE ARCHITECT

2023, APRIL- PRESENT (PART - TIME)

dhtechnologies.it.com

- Spearheaded the architectural design and technical direction of key projects within the company.
- Led the development of a camera security application, overseeing both frontend and backend implementation. [Click to go to the landing page](#)
- Designed and developed the DH Technologies company website, ensuring it reflected the brand's identity and provided a seamless user experience.
- Collaborated closely with stakeholders to align technical solutions with business goals and client needs.
